Premium Marketing Toolshourly rate of \$50*

Brochures • Flyers • Catalogs • Posters • Labels
Packaging • Direct Mail • Publications • AND MORE!

Every marketing tool is different. After discussing your needs and ideas, I will provide you with an estimated cost to design your project. Keep in mind, the more prepared you are with what you wish to see, the fewer revisions will need to be made, therefore, keeping my time and your costs down. Text saved as Microsoft Word is accepted. Any artwork that needs to be purchased will be approved and pre-paid before I begin a second draft of the brochure. I will be happy to take digital photographs at the hourly rate, plus a mileage charge.

Advertisementshourly rate of \$50*

A professionally designed advertisement will be sent to any print media in a pdf format.

*Cost includes custom graphic design work. Printing and shipping costs will be billed separately.

Printing

The final print job is a huge part of the complete design. I have developed a relationship with a very affordable printing facility that produces high quality products. It is my preference to work with this printer on behalf of the client to ensure a quality end product. Printing costs vary per job and will be billed out with the design work.

Compact Disks..... \$15 ea.

web sites

When operating a business in the 21st century, having a Web site is essential. Some have said that it is nearly as important as having a telephone.

To get the attention of prospective clients, it is important that a site catches their eye and more importantly keeps them coming back.

With my extensive graphic design background, I can work with you to design a Web site that will

create a lasting impression.

Call today and we will outline a spectacular Web site that will receive the attention that your business deserves.

Please see separate rate card for Web site design.
